PROFESSIONAL EXPERIENCE

ASSOCIATE SOFTWARE ENGINEER

Aug 2023 - Apr 2024

VUEDATA TECHNOLOGIES

Chennai, India

- Built a MERN full-stack application during a 12-week training program, showcasing skills in MongoDB, Express.js, React, Node.js, and Git/GitHub collaboration.
- Worked on Front End development for a Job Requisition System post-training, using React JS and Next.js to enhance user interface and experience.
- Proficient in Agile methodologies, contributing to sprint planning, daily stand-ups, and retrospectives, ensuring timely delivery of software solutions.

FRONT END DEVELOPER

May 2023 - Aug 2023

EXTRAA - ASERA TECHNOLOGIES

Chennai, India

- Contributed as a Front End Developer to the development of Extraa Coupons, India's pioneering coupon & feedback engine, by crafting the user interface for the company's website, ensuring optimal user experience and visual appeal.

ELECTRICAL SITE ENGINEER

Feb 2018 - Oct 2021

Indira Gandhi Center for Atomic Research

Kalpakkam, India

- Oversaw and coordinated on-site electrical installations and maintenance for critical infrastructure projects at IGCAR.

SYSTEMS ENGINEER TRAINEE

Mar 2017 - Aug 2017

INFOSYS LIMITED

Mysore, India

- Received training on basic computer technology including Object Oriented Programming using C and C++, and improved interpersonal communication skills through personal development sessions.

PERSONAL PROJECTS

JIRA App Clone [Link](#)

Built a responsive Jira-like task management app using the MERN stack with user dashboards, priority-based task creation, due dates, automated status updates, multi-user assignments, and downloadable progress reports.

AI Mock Interview App [Link](#)

Developed a full-stack AI mock interview app using Next.js 15, React 19, Gemini API, Drizzle ORM, and Clerk, featuring AI-generated questions, voice input with speech-to-text, and secure auth on a Tailwind + ShadCN UI.
